

The Jags Trust Membership Application

The Jags Trust exists to represent the interests of Partick Thistle supporters in all matters related to the club. All supporters are encouraged to join and play a full role in making our views heard.

The Trust is the owner of 1,000,000 shares in Partick Thistle FC and is one of the largest single shareholders. The Trust also elects a member to represent it on the club board and, as such, members are able to have influence over the future of the club.
